“We’re not ready to move out of our house, and with BOB, we don’t have to. We can get help anytime – all we have to do is push a button.”

BOB 3600: Essential for Independent Living

Your whole family can relax, knowing that BOB is there to provide access to help anytime, day or night. With the press of a button, a CST-LTL Care Center Representative is talking to you – hands free – with our exclusive 2-Way ClearVoice connection. It’s like having us right there by your side anytime you need us. We can also contact others you select - a family member, neighbor or caregiver-in a matter of seconds. If there is an emergency, or you do not respond, we immediately dispatch emergency services to assist you.

2 *CST-LTL is Always-On: All CST-LTL products are equipped with back-up power and supervisory features. CST-LTL’s primary and back-up Care Centers are fortified with state-of-the-art monitoring technology and exclusive 2-Way ClearVoice Technology designed to efficiently manage unique power, connectivity and capacity challenges.*

Keeping People Independent Is Our Business

CST-LTL brings advanced and innovative technology into the home, so you can enjoy the freedom of independent living with the peace of mind that help is instantly available. CST-LTL’s full line of personal emergency and medical response systems are easy to use, affordable and effective, helping to improve the health and safety of our users. And best of all, they are connected to the best Care Center in the industry, providing superior service and monitoring 24/7.

CST-LTL’s BOB 3600 Personal Emergency Response System (PERS) includes 2-Way ClearVoice technology for instant conversation with our Care Center whenever needed. BOB 3600 can be programmed for pendant alerts, security and environmental monitoring and other customized services to meet your needs.

At CST-LTL, we provide peace of mind at the press of a button.

CST-LTL Care Center

Even the best technology is only as good as the people who monitor it. Every CST-LTL Care Center Representative is CST-LTL-certified with extensive training in care service and emergency response. With the press of a button or signal from a CST-LTL unit, our Care Center Representatives are instantly in touch with you, and have immediate access to your personalized files with instructions for family or caregiver contact and appropriate emergency response.

CST-LTL’s exclusive 2-Way ClearVoice technology provides crystal clear communication between you and the Care Center even at longer distances or when your ability to speak may be compromised. This is more than just convenience – clear communication can save lives.

CST-LTL Care Centers provide multi-lingual communication, fully redundant back-up systems and the most innovative technology in the industry. Combined with our exceptional staff and 2-Way ClearVoice technology, CST-LTL Care Centers provide the most complete and reliable support services 24 hour a day, 7 days a week.

CST-LTL Care Center – Going above and beyond is standard practice!
